# HR As Accelerator of Business Agility

---

The (r)evolution of  
work started long  
before the pandemic –  
but now it is  
in high gear

---

---

“Over the course of the next 20 years, more will change around the way we do our work than has happened in the last 2,000.”

---

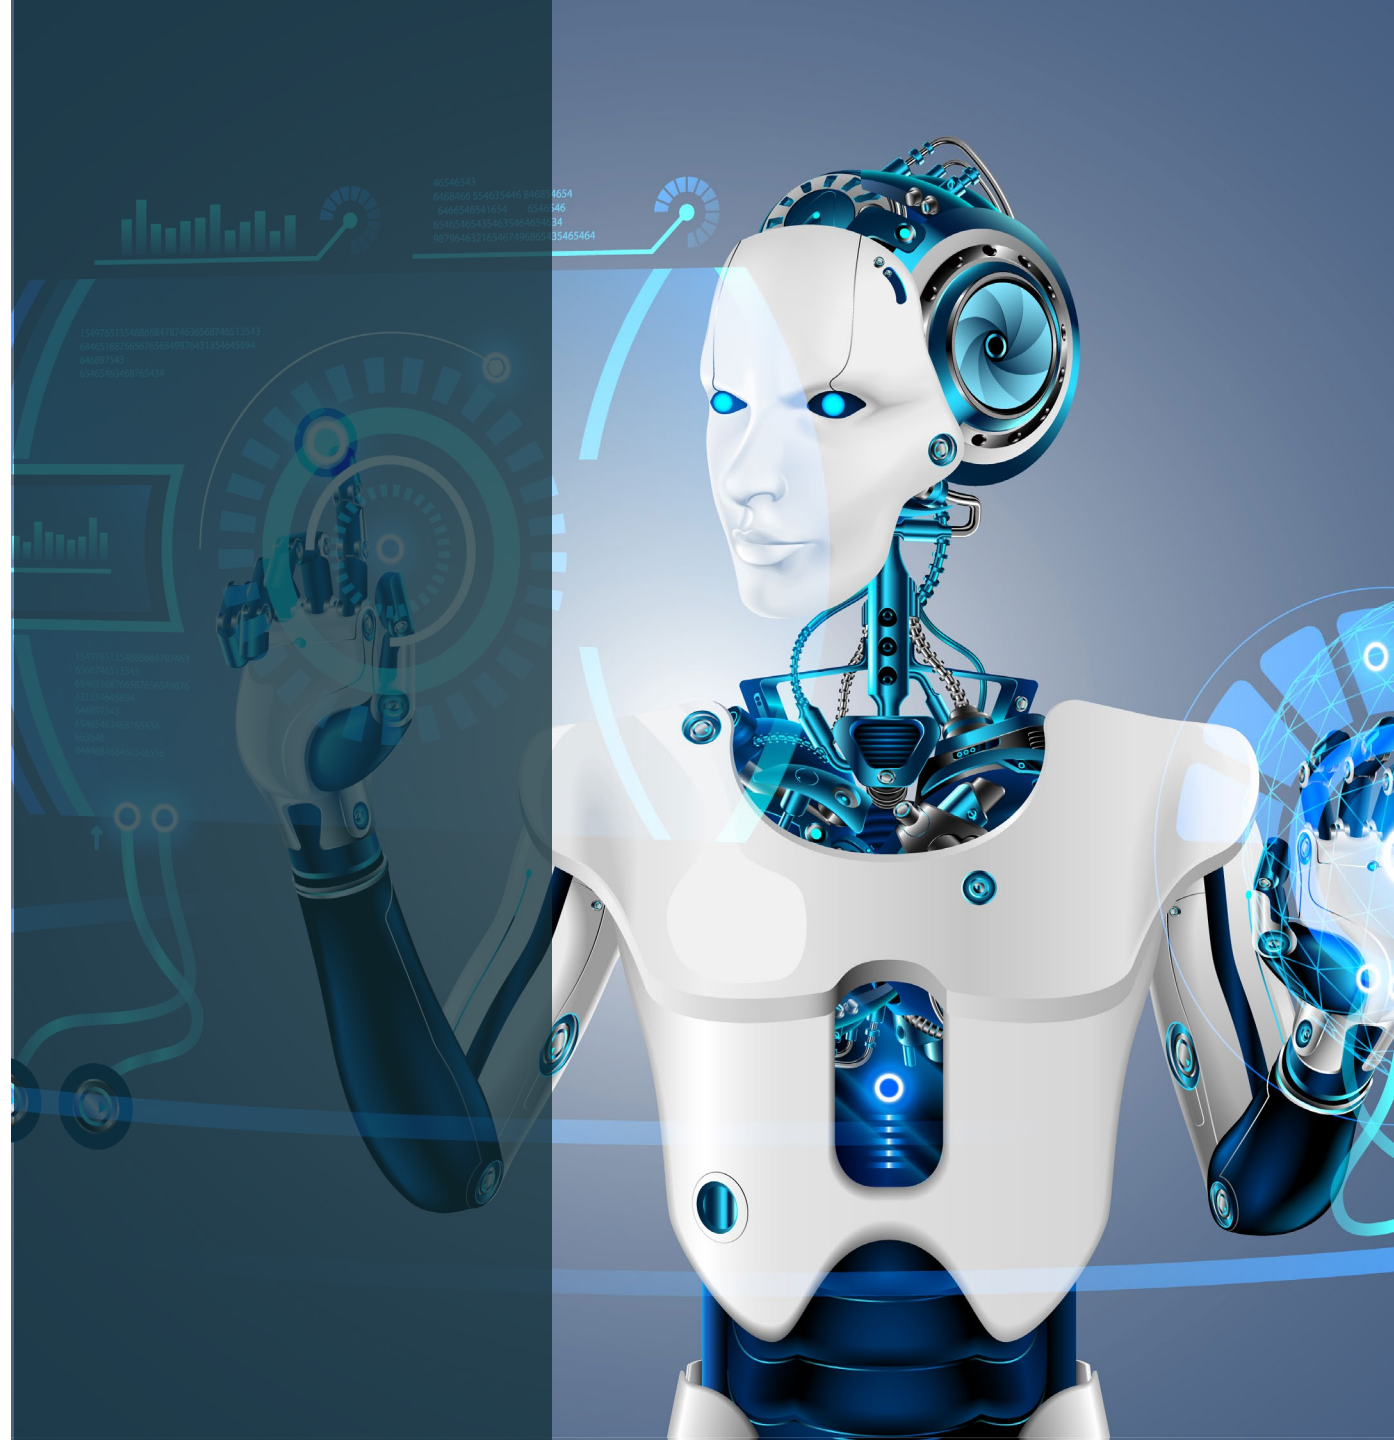

*Maurice Conti  
(Designer, Futurist, Innovator)*

---

# Technology as Disruptor

---

---

# Humanize Work

We need to focus on work we humans are uniquely positioned and qualified to perform.

We need to focus on work that requires curiosity, creativity, imagination, social and emotional intelligence.

---

Company as  
Machine

---

---

Company as  
Ecosystem

---

# What is Agile HR?

---

Agile HR is a term used to describe a modern HR and People approach for organizations and institutions who strive to become more responsive and innovative in the face of constant change.
